

CAPABILITY OVERVIEW

WHO WE ARE

Proudly Australian Owned.

Get A Grip is an Australian owned family business, established in Perth in 2003. As a solution focused supplier, we appreciate the value of local knowledge and meaningful collaboration.

Specialising in manufacturing and procurement of commercial tyres for Australia's Mining, Transport, Construction & Agriculture industries.

OUR CORE CAPABILITIES

- >> Celebrating 20 years, Get A Grip Tyres have developed a core competency in Supply Chain & Logistics management.
- >> Routemate Tyres, our Australian-owned brand, has been specifically engineered to meet the challenges of Australia's harsh conditions. Tried, tested & proven in rugged Western Australian mining country.
- >> Operating our own significant warehouse facilities that house extensive inventory, we also enjoy long term relationships with key distribution networks throughout WA.
- >> We work with you to maximise the value of your tyre investment, offering a range of tyre services such as tyre data analytics, technical training, site visits & site-specific assessments with new tyre trialing. Add to this the innovative Kleva Cage Tyre & Rim Exchange program, a revolution in tyre safety and operational efficiency.

WHY CHOOSE US

- ✓ Our Private brand of RoutemateTruck and Bus Tyres is developed from information sourced from key stakeholder engagement and research conducted in the harshest of testing grounds, the Australian outback. As a boutique manufacturer we can provide tyres truly fit for purpose.
- ✓ We're agile and customer-led, we work with and respond to client needs, supporting this with ongoing product development
- ✓ We value investment in our manufacturing infrastructure and processes. Employing full-time Engineers and QC Managers we strive for constant improvement. We provide a free lifetime new for old replacement guarantee with confidence.
- ✓ Proudly Australian-owned, and proudly associated with Gallawinya.

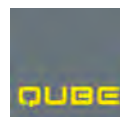

OUR TRACK RECORD

We are established suppliers to a number of recognised Mining, Transport, Construction and Bus companies throughout WA, including;

MACA Mining, Regis Resources, Survey Dynamics, Jamieson Transport, Charles Hull Contracting,

“MACA have been specifying Kenda Tyres since 2016. We have found the Kenda represent excellent value for money, providing long service and reliability in the toughest environments.”

Adam Struthers
Plant Manager MACA LTD

OUR BRANDS

Hand picked for Australian conditions.

Get A Grip Tyres own and manufacture the Routemate brand of Truck and Bus Tyres. Designed for Australian conditions, tried and tested in the Pilbara region of W.A. Routemate users enjoy the confidence of 100% lifetime guarantee.

FLEET MAINTENANCE

We work with you to maximise the value of your tyre investment, offering a range of tyre servicing options.

Our professional and experienced fleet services team provide mobile tyre fitting and maintenance onsite.

TYRE ANALYTICS

At Get A Grip Tyres we use iTMS software to deliver tyre safety documentation and reporting to our fleet customers in real time. Providing our fleet customers with the latest in technology to:

- ✓ Reduce Downtime
- ✓ Increase Safety
- ✓ Drive Efficiency
- ✓ Maximise Fuel Efficiency

KLEVACAGE

Move tyre inflation off-site and store safely on-site. The Kleva Cage provides the safe transportation of fully inflated ready for use tyre and rim assemblies, providing a truly circular delivery system.

- IMPROVING ASSET AVAILABILITY
- SAFE TYRE INFLATION, REMOVING YOUR TEAM AWAY FROM THE ENERGY SOURCE
- RECYCLING END OF LIFE TYRES AND REMOVING PLASTIC WASTE
- FASTER TYRE CHANGES, LESS DOWNTIME, LESS MANUAL HANDLING
